

Each home consists of a fully fitted kitchen complete with washer/dryer, fridge, freezer, electric hob and oven, a wet-room with a shower and toilet, a living/dining room, patio or balcony and one or two bedrooms.

They use green electricity to achieve the highest standard of energy efficiency rating and have under floor heating. Recycling facilities are also be provided.

Dogs and Pets

Assistance Dogs and pets are welcome as long as there is no disruption to neighbours and they are well managed.

Cooking and Eating

People can cook in their own homes or have a meal in the restaurant/café on site. The restaurant is for residents, their families and the wider community.

When the restaurant is not open, drinks and snacks can be bought from the café area.
