

Extra Care Living

Activities and Events

Events and activities take place every day and some will be available to the wider community. You will be involved in deciding what type of events take place.

There are communal resident's lounges, a hairdresser and wellbeing suite, a reception and several spaces for community activities. There are also quieter, reflective spaces with seating where people can meet friends and family.

Gardens

The gardens are secure and available to all residents. You can garden, socialise with friends and family and take part in other activities such as barbeques, keep fit and games in them.

There are quiet areas with sensory plants and areas encouraging wildlife. You will have your own private patio area or balcony.

Parking

There is parking for residents, staff and visitors. A room on the ground floor provides parking and charging for mobility scooters.

Storage

There is no additional outside storage or garage space but there are managed, communal storage spaces throughout the building and there is a bike shed.
